

Help us to collect stamps – to help the LCI International Service Project 2007-2009

Take this as an easy little challenge- Because it is exactly what it is!

Everybody receives a single or more letters a day or during a week. Some letters are still with the “old fashioned” stamps. These used stamps can be money worth. Tear the corner of the letter with the stamps on, as on the photo above, every time you receive such one. Collect by yourself or together with your club. Get some help from colleagues, your work, family and friends.

Send the stamps to:

**LC 18 Svendborg-DK
Lene Hoeffner
Rantzausmindevej 195
DK-5700 Svendborg
Denmark**

So I will receive them latest before the LCI Conference in Scotland at the 1st of August 2008 or before LCI Conference in India, 1st of August 2009.

Before the next LCI Conference we will sell the stamps to our agent and get money for them. We will get paid per kilo. If we can get the stamps in country order, we will even get more money. Therefore write the country name on your bags or envelopes. This money will be immediately sent to the LCI Service Project 2007-2009 SARIS.

All stamps are welcome – small or large amounts. Let's try to change the small stamps into big money, as you know: small brooks make a big stream!

Thank you because also you take this challenge: *Not girls but not yet women*

Thank you and all the best to you from

Lene Hoeffner - LC 18 Svendborg Denmark (from the LCI Service Project 2005-07)
